APRIL 16 1941

PLANT NOW

While dependable trees may be had at less than half the usual cost. The trees we offer have been dug for this Spring Planting and cannot be carried over to next season. So we are closing them out at greatly reduced prices.

This stock was grown chiefly for commercial planters, many of whom we have been serving for years, but we have a few thousand more trees than our trade can take, so we now offer you an opportunity to plant at a considerable saving with trees properly grown, handled, and true to name.
